Riverside City Council Appoints City Manager

Riverside, California – Interim City Manager, Scott C. Barber, has been appointed as Riverside's new City Manager. The appointment becomes effective immediately and the decision was unanimous.

Mr. Barber was appointed as Interim City Manager in August when Brad Hudson left to assume the Chief Executive Officer role for Sacramento County.

Ronald O. Loveridge, Riverside Mayor said, "We couldn't be more delighted to appoint Scott Barber to serve as Riverside's City Manager. He brings to the table innovative big picture ideas along with experienced leadership and excellent rapport both within City Hall and the greater community."

Mr. Barber has worked as the Community Development Director with the City since August of 2005 and has nearly 25 years of public sector experience. He has held a variety of leadership positions including administration of a county Transportation and Land Management Agency.

Scott Barber said, "I am thrilled to have been selected for the position of City Manager for such a great City. I look forward to opportunities to partner with the community to ensure ongoing innovation and success of Riverside."

Mr. Barber holds a Master's degree in Business Administration from California Baptist University and a Bachelor of Arts from the University of Riverside.
